Family Fast Day

Help families around the world survive
TODAY and have food for all their **TOMORROWS.**

We live in a world where some people have all the things that money can buy. They wallow in the lap of luxury every day. In that same world are people who never even dream of luxuries. They would settle for the bare necessities, but cannot even get those. Their daily existence is a constant struggle to keep body and soul together. Any food they get is devoured immediately. The only clothes they have are those on their backs. HOME is wherever they happen to be. JUST A THOUGHT!
